FRIDAY EVENING, APRIL 5, 1912.

The Rule in Holla's Case.
The Philadelphia newspapers and consumers of anthracite coal have weakened to the fact that they are paying an inequitable freight rate on their fuel. The rate from Fort to Philadelphia, for example, being \$1.60 per ton, which is twice the rate determined to be remunerative in the Pittsburgh coal rate case, three times the rate for bituminous coal from Pittsburgh to the Lakes and five to six times the ton mile rate voluntarily made by some of the railroads on bituminous coal from West Virginia points to the Lakes.

Like the bituminous rates, this anthracite rate is a product of the times when the basic principle of rate-making was "as much as the traffic will bear," and any exceptions thereto were prompted by favor rather than fairness. Bank, Lumber, Coal and Iron, the rate on the coal business in active competition with merchant operators. In order to crush the latter and insure their own profits from joint operation, the railroads cut the price of coal and raised the freight rates. What they lost in mining, they gained in transporting. Competing operators had to meet their low coal prices and their high freight rates or keep out of the market. The consumer, as usual, footed the bill.

The Philadelphia consumers of anthracite should cite the railroads before the Interstate Commerce Commission. They will get no relief until they get busy in their own behalf. Newspaper wallings won't help them any.

In the meantime, it may be observed that the Pittsburgh coal rate case was one of the most thoroughly prepared cases ever presented to the Interstate Commerce Commission, and the findings of the court thereupon are destined to furnish a well-defined rule for the determination of what is and what is not an equitable freight rate.

The rule in Holla's case promises to have as much weight in the transportation courts as the rule in Shelley's case has in the civil courts.

Congressman Palmer's Strange Plink.
Honorable A. Mitchell Palmer complains through the handy and economical medium of the Congressional Record that he has been "marked for slaughter" at the hands of the Bethlehem Steel Company.

The Democratic Congressman who aspires to be the State Boss of Pennsylvania should not complain of slaughter. He has been actively engaged during the past several years in slaughtering the political enemies of the Good Book says, "He who taketh up the sword shall perish by the sword."

The Honorable A. Mitchell Palmer has been an active supporter of the Democratic bill repealing and reducing to a frazzle the duties on steel products and other metals, a bill which Charles Schwab, President of the Bethlehem Steel Company solemnly declared would put him out of the steel business if it should become a law. How can a member of Congress expect the support of those engaged in a business enterprise which he is trying by his voice and vote to destroy? Is it customary in American politics for the voter to kiss the hand that smites him?

The Bethlehem Steel Company ought to be named Congressman Palmer's election, and so should every employer of that great concern, and every citizen of the district directly or indirectly interested in the successful operation of its mills and furnaces, because Congressman Palmer has been against them; in short, Congressman Palmer should be defeated because he has not represented his district with fidelity.

There is apparently no lack of applications for the position of Health Officer. If the board makes a change it should be solely in the interest of efficiency. Personal considerations should be put aside in choosing this official. The members of the board should not forget that they owe their first allegiance to the solemn duty of protecting the public health, and the selection of an incompetent or indifferent Health Officer is a palpable neglect or a downright derelict of that duty.

Sweden is sweeping out the Mormons. Polygamists are not considered desirable citizens.

The Connellsville veterans will on Appomattox Day fight the battles of the war over again, through the medium of the moving picture show, and they may be able to see themselves at least in fancy. It will be a novel and interesting diversion.

South Connellsville owned a site for a bough building, but its administration didn't know it, and so bought another piece of ground. Connellsville proposes to do much the same thing, but with less excuse. We know we have the ground.

After many years Pittsburg will lose its hump.

The Ohio river is not responsible for the Mississippi floods. The waters from the Ohio have caused the present high stage is due to the melting snows of the Missouri and Upper Mississippi. It was an unusual winter and like most unusual weather it is unusually destructive and expensive.

Steel bonds are still good. The \$30,000,000 issue has been three times subscribed.

The two young men who attempted to steal the brasses from Lucien coke cars in the Connellsville yards were in a fair way to become murderers as well as robbers.

Perhaps if we wait until the report of the Borough Auditors is made public

we can discuss the financial situation of the borough with more intelligence and greater profit.

Captain Kidd warns some of his Pirates that they are not all Hot Tumbles.

The new postoffice building is booming Apple street real estate values.

The endless chain letters have become an endless nuisance. The post-office authorities have very properly put the taboo on them. If any get past postal vigilance they should be consigned to the waste basket.

Congressional expense accounts indicate that most members whose nominations are contested do not take their opponents seriously.

The business men of Clarksburg, W. Va., want a B. & O. night train to and from Pittsburgh. The proposition ought to have the support of the Pittsburgh trade boomers.

BONDS OVER SUBSCRIBED

Many eager to take the Steel Corporation's New Issue.

NEW YORK, April 4.—Subscriptions running well above \$100,000,000 were received today by the banking syndicate composed of J. P. Morgan & Co., the First National Bank, the National City Bank, the Chase & Co., and the First National Bank of Chicago, for the \$30,000,000 bond issue recently authorized by three subsidiaries of the United States Steel Corporation.

The subscriptions came from all parts of this country and Europe. The sale was not only a highly gratifying success from the standpoint of the bankers concerned, but gave a fillip to the cheerful sentiment recently prevailing in financial circles.

The effect of the heavy subscriptions was plainly visible in the stock market, for it indicated very favorable investment conditions. It is the first large bond issue for weeks, though many smaller amounts have been taken. The bond issue is divided as follows: \$15,000,000 Indiana Steel first mortgage 6 per cent gold bonds; \$10,000,000 National Tube first mortgage 6 per cent, and \$5,000,000 Illinois Steel 4 1/2 per cent gold bonds.

New Iron Range Discovered.
FORT FRANCES, Ont., Apr. 4.—Fort Frances and the country directly north of the city are excited over the discovery of a new iron range, extending 75 miles with a width of two miles. Miners and experts are flocking into the district and this section seems destined to undergo another "rush" like that of 1894.

What About Your

Suit for Easter

You Will Be Well Dressed If You Wear a Dunn Suit.

And now is the time to buy it. It is positively a mistake not to buy your coat or suit early. The woman who waits for the reduction sale is always dressed out of season and the difference in price does not make up for the dissatisfaction of being a duck number. Furthermore at the last of the season when suits have been reduced all the prettiest styles are gone which we think is another sound reason for buying now. Our stock of coats and suits is now at its best, showing pretty and exclusive styles in whipcords, serges, fancy mixtures, worsteds and novelties, all thoroughly tailored, nicely trimmed, beautifully styled and perfect in fit. The prices of our suits are quite reasonable considering the splendid material and workmanship embodied in them, but this we ask you to come and judge for yourself.

Easter Neckwear

We have put forth quite an effort to have the most complete and attractive showing of neckwear in this vicinity and we think we have succeeded. We want you to come and see the many new ideas in lace and embroidered coat and Dutch Collars, Collar Sets, Stocks, Jabots, Bows, Tailored Collars, Side Frills, Flashes and a big line of novelties in flowers, buds, ribbons, laces, etc. Here at all prices.

Bags and Jewelry

The new things in this line are always an attraction to the spring buyer. We have just opened our lines of fine leather bags, mesh bags and velvet bags. Beads in pearl, jet and color novelties, pendants, fancy combs, beauty pins, bar pins, shoe buckles, cuff links, stick pins, coin purses, hat pins, etc., and know you will be interested in looking them over.

New Hosiery

We are now showing the new spring numbers for women, children and infants in silk, silk lisle and ribbed. A special line of children's fine lisle hose in all colors, also children's socks in plain colors or with fancy tops. Just inside the door to the right.

Every woman spends forth special efforts to appear at her best.

If she wears good shoes, properly fitted, they add ten-fold to the effect of a stylish costume.

This season's styles are more charming and graceful than ever before.

SUITS ORDERED FOR THE SCOTSDALE TEAM

Independent Base Ball is Assured for the Mill Town.

CHARLES H. WALKER IS DEAD

Remains of Comrade John S. Bocher Passes Away at His Home in Frostburg—Other News of the Day in the Mill Town and Vicinity.

Special to The Courier.
SCOTSDALE, April 5.—Suits for the Scottdale baseball team were ordered from Thomas Rutherford, agent for The Courier, last evening. They will be cream colored suits with black trimmings, blue stockings and Boston style caps. Full playing paraphernalia will be ordered and the team worked into playing shape as soon as possible. Eleven members out of the big roster of players were measured for suits last evening.

Requests will be sent to the many players asking them to get into playing shape as soon as possible so that the team can be gotten together to quickly effect sufficient and proper team work and also give the team enough time to get the necessary practice. Every player will be put through some rigid training in an effort to develop one of the fastest independent teams that has represented Scottdale for some time.

Ellsworth park has been secured for the season, the management of the park denoting the use of the grounds to the Scottdale club free of charge and offering to help to repair the park. The grandstand and the bleachers will be repaired and the larger part of the fence rebuilt. The diamond will be put into proper shape and carefully ruled, as the spring freshets have put the diamond in a bad condition.

Arrangements have been made for the advertising and thorough canvass of the town is being made to secure financial assistance. Over \$150 has already been subscribed and scores of sums from \$1 to \$15 have been promised and can be secured as soon as the suits arrive. The team will consist of mechanics, merchants, business men, farmers and others. It will take at least \$100 to get the park in proper shape to say nothing of the playing outfit for the team.

It was a peculiar coincidence that Comrade John S. Bocher arrived home from Dayton, Ohio, where he had spent the winter, but a very few hours before a telegram was received yesterday that his bunkmate in the army, Charles H. Walker, had died at his home in Frostburg, Maryland. When Major Bocher, who came from Mt. Pleasant and died in Frostburg, and Walker and Bocher were together revealing the field of duty, a couple of years ago, Mr. Walker said to Mr. Bocher, "If you should die before I do, I'll come to your funeral." Mr. Bocher answered that should Comrade Walker die he would attend the funeral. It was fortunate that Mr. Bocher was so far on the way east when he got the message. He leaves this afternoon for Frostburg where the funeral will be held at 2 o'clock on Saturday afternoon. Charles H. Walker was well known about here, where he had many friends. He was the last commissioned officer, Second Lieutenant of Company B, 28th Pennsylvania Regiment, and he and John Bocher were bunkmates all through the war. Mr. Walker was a Western Union operator and postmaster of Frostburg for many years, beginning his term under President Grant and continuing in office until President Cleveland's term. He again served as postmaster after that time. He was also in the drug business with his son-in-law, George Pearce. He is survived by his wife and Mrs. Pearce.

W. E. Gardner, a Socialist editor, will speak in the Knights of Malta hall, in the Porter & Stoner building, on Saturday evening.

SPECIAL TEACHER.
C. E. Smith of New Brighton, a former parishioner of Rev. H. S. Phipps,

er, when the latter was at West Bridgeport, will teach the Men's Bible Class of the First Methodist Episcopal Sunday School on Sunday morning at 9:30.

VISITED THE SCHOOLS.
Six of the teachers of the Latrobe schools spent yesterday in Scottdale visiting the schools here and gaining ideas on how the teaching job is held down in the Mill Town.

FOUR TEAM B.
There promises to be a large attendance at the concert given by the Royal Welsh Ladies' choir at the opera house this evening, for the benefit of the Y. M. C. A. Building Fund. The company is brought here by Team B, which was so active in the campaign.

CASCARETS CLEANSE LIVER AND BOWELS

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Constipation, Tongue or Constipation.

Turried Tongue, Bad Taste, Indigestion, Sallow Skin and Minorable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and unbecoming. A Cascaret tonight will give you a thorough cleansing, and a stimulation you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

PLENTY OF FUNDS.

Pennsylvania Will Not Do New Financing This Year.

Contrary to rumor circulated in financial quarters last week, the Pennsylvania directors, it can be stated on good authority, have not recently considered the question of new financing.

As yet the company has not spent any substantial part of the funds raised last year through sale of \$11,250,000 stock and in consequence its cash position is exceptionally strong. As a matter of fact it might be said that Pennsylvania closed 1911 with the largest year-end balance of quick assets in its history.

Baseball Notes.
Concerning the low salary limit of the U. S. League, the East Liverpool Tribune has the following to say: "In a league just organized on a small salary limit the team will be made up of untried material for most part. The proper thing to do is to try out as many candidates as possible and weed them out gradually until the season opens. The clubs are not making any mistake in signing all the available youngsters in sight."

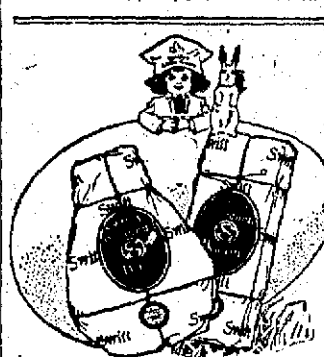

Kinkadee and Wohlforth are badly injured from the lineup of the Johnstown five in its tour over the eastern exhibition circuit, the result being that the local five lost two games in succession to independent teams recently. This performance does not please the local fans a bit and it is feared that the attendance will suffer greatly in the event that an inter-league series is pulled off by Johnstown and the Eastern League champions.

"SAFETY FIRST."

In a Few Months Accidents on the B. & O. are Reduced 80 Per Cent.

Last November, President Willard of the B. & O. railroad issued a "Safety First" order, making safety the first consideration in the operation of the system under his control. Since the order went into effect the number of accidents has been reduced 80 per cent. "Safety first" is not only a good rule for railways but also in industry. Four per cent and absolute safety in a strong bank is better than a promise of big profits and the possible loss of all your savings. "Safety First" should lend you to select The First National—the oldest National bank in Connellsville—as a depository for your savings. Four per cent interest—\$1 opens an account.

WE MUST REBUKE THE TARIFF TINKERS

All that is wrong with business is that it is afraid to venture on new enterprises as long as there is danger of the protective barrier of the tariff being broken down.

You men in business, in offices, following trades and the professions in the prosperous towns surrounding the great Metropolitan District of Pittsburgh know this. You know that the nation-wide power of this district, of which you are a part and to which you have contributed your share of brains and enterprise, was acquired under the beneficent protection of the tariff. You know that the tariff has safeguarded your businesses and enabled you to develop home markets for your products and your work.

Don't Be Led Astray

In the face of this knowledge are you going to be led astray by Strange Gods of Government and False Idols of Politics, or are you going to stand fast by the principles which have helped you and your family to get where you are?

Free-Trade spells Industrial, Commercial and Agricultural Disaster.

Remember the Wilson Bill!

A Protective Tariff means Peace and Plenty.

It's up to you to choose.

But in choosing keep your mind clear and your hand steady. Don't be deceived by fancy talk about theories of self-government which are so experimental in character as to constitute a menace to our welfare as individuals and as a nation.

Let Us Have Peace

For some years the country has struggled through a tariff clanking period. Just now, when, under the wise leadership of our President, we are emerging from this spell of restless uncertainty and getting our feet in the ways of Peace and Progress, does it seem right to you that we should again let the nation be turned topsy-turvy to find out if certain wishful hopes may be realized, if certain personal ambitions may be gratified and useless revenges be wreaked?

Let your answer ring clear at the Primaries, April 13th.

Join in the state-wide movement for the re-election of President Taft and the endorsement of the Republican Party and help Pennsylvania show the rest of the states she is the Old Reliable as of yore.

Join the Big Taft Club

The Taft Club of Pittsburgh, a powerful organization of several thousand men of all occupations, intend to go into their primaries next Saturday and for your own good and the material welfare of your family, your community and your nation, vote for those delegates from your congressional district to the National Republican Convention and from your legislative district to the State Convention, who are pledged to the support of President Taft.

Pluck out the Taft delegates and vote for them.

If you want to join our club, write to W. T. Moenig, Secretary, Taft Club of Pittsburgh, and say "please send me a card, which will include the welfare of your family, your community and your nation, vote for those delegates from your congressional district to the National Republican Convention and from your legislative district to the State Convention, who are pledged to the support of President Taft."

Very truly yours,

COMPLETE OHIO-PENN SCHEDULE IS GIVEN

President Travers Announces the Dates For 1912 Playing

The Ohio & Pennsylvania league baseball schedule is made public this afternoon but lack of space prevents its appearance in The Courier until tomorrow. The season opens May 15 and closes Labor Day, September 2. The Cokers open and close at home.

A number of double headers are scheduled and these, with postponements certain to come, will make busy days the rule rather than the exception.

The Cokers meet McKeesport on the holiday dates, having them for both morning and afternoon games on Decoration and Labor Days. On the Fourth of July the Cokers play both games in McKeesport. Six Saturday games are booked at home, two of them double headers. Seven double headers are regularly scheduled here in addition to the holiday dates.

On the road the Cokers are scheduled to figure in six double headers besides the Fourth of July engagements. Nineteen games come on Saturday or Sunday for the Cokers abroad.

McKeesport opens the season here on May 15 and 16. The first appearance of the other clubs will be as follows: Sharon, May 20, 21; New Castle, May 22, 23; Salem, May 25, 26; Alliance-Spring, double header on June 3; East Liverpool, June 4, 5; and Follansbee on June 6 and 7.

FRICK LEAGUE WILL BE IN THE RING ONCE MORE

Rules For the Coming Season Have Been Adopted; Few Changes in Rules.

The Frick league will be in the ring again this season, and rules for the coming season have been adopted by the committee consisting of C. E. Franks, J. P. McCrackin, Robert Ramsey and L. F. Shutterly.

About 40 teams will make up the various leagues and the season will start between May 1 and 15. Following the preliminary season the winners of the various league contests will fight it out for the Lynch cup. This year players will not be required to appear in uniform. Practically all the teams will be unbalanced, but failure to have a suit will not act as a bar.

SMITHFIELD, April 4.—Council held a brief session Tuesday evening with four members present, namely, King, Foye, Miller and Rador. Administrator J. C. High sold the personal effects of Miss Annie Reed, deceased, Wednesday at public sale. Miss Florence Watters is billed to lecture in the Town Hall Monday evening, April 15th on the problem of living.

Laura Gillen made an information before a justice here early Wednesday morning against her husband, Henry Gillen, in which she charges him with assault and battery. The constable arrested Gillen on his return from the Kyle works, where he is employed as a miller. Wednesday evening his wife followed him to the justice's office and a hearing was held then and there. Gillen strenuously denied the charge and said he didn't touch her. He asked her to get up and get breakfast for him, which she refused to do. He then took a cold bite for breakfast and a hunk of bread for his dinner and went to his work. The justice, being somewhat acquainted with Laura, was inclined to believe Henry and dismissed the case. The parties are colored.

JERSEY MAN'S STORY

There is a rugged, robust, New Jersey man, George W. Thompson, by name, living in Monacaqua, who has an interesting life-story to relate.

"About two years ago," he said (in a recent letter) "my health broke down and I felt fagged out all the time, having very little strength and being nervous, with poor appetite. I think Vinol is the best of all medicines on the market today, for since taking it I can say that I feel like a new man. I have regained my strength, eat well, sleep like a log."

Right now is the time for you, if you are weak and run-down, can't eat or sleep, to take Vinol, our delicious cod liver and iron remedy.

No matter whether you are a feeble old person or young and sickly, if you are not as strong and vigorous as you ought to be, Vinol is for you and it will build you up. Take it on our guarantee of satisfaction and if it disappoints you, we will give back your money. But if you need new strength begin taking Vinol now. Graham & Company, Druggists, Connelville, Pa. Vinol is sold in West Connelville, by Fred H. Harmoning.

Fallieres to Hell. PARIS, April 4.—President Fallieres, whose term of seven years expired in January, has made his plans for retirement completely and totally from public life.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely and bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-sensational and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

DISTINCTIVE

Union Supply Co. Stocks

The Union Supply Company stores have the unique distinction of showing unmatched stocks. We want to call attention particularly to our lines of women's and misses' suits, shirt waists, skirts and millinery. In the line of suits, which have been made by skilled tailors, are models to please women of all tastes; to meet the requirements of everybody. We can save you the same of our shirt waists and skirts. The millinery we would like you to see for your self. It is hard to describe the attractive styles; it is hard to impress you with the distinction. We say, without any fear of challenge in the lines mentioned, women's and misses' tailor made suits, shirt waists, skirts and millinery, they are unmatched.

Distinctive Styles In Housefurnishings

It is by a store's regular stocks that its year-round efficiency is best judged. While the Union Supply Company housefurnishing department has made some very remarkable special offerings during the last six months, it is the present regular stocks of the products that we are proud of. It is housefurnishing time and we want you to come and see our line of all grades of furniture for every room in the house. We particularly want you to see our fine collection of rugs, carpets, oil cloths, linoleums, lace curtains, portieres, etc. We put our line of iron, wooden and brass bedsteads and springs. We want you to see the good, heavy trunks, bed clothing, etc. We can show you these goods in great variety at a manufacturer's price. We can save you the cost of the factory. We can sell much cheaper than the installment houses. This is surely a great bargain department.

Honest Advice to Consumptives

Somewhere there exists a remnant of skepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert. If ourselves afflicted with Tuberculosis, we should do precisely what we ask others to do—take Eckman's Alternative promptly and faithfully. The reason we should do this is because we have for selling all Consumptives to take it. It is that we have the records of many cures, some of which follow: 1010 Buchanan Ave., Phila., Pa. "Gentlemen: For two years I was afflicted with hemorrhages of the lungs, the number totaled nearly one hundred. One family physician advised another climate, as to remain would probably be fatal; however, I remained and in February of 1902, was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a painful hacking cough which no medicine I had taken could alleviate. I was again advised to go to climate, but of this course I was weary at this time. March, 1902, that I learned of Eckman's Alternative. In a short time my cough was cured and my lungs pronounced 'well' or 'cured.' Since that time I have had no slight attack of pneumonia and have resorted to no other medicine to effect a cure. "I am in excellent health and feel that as long as I can obtain Eckman's Alternative, I have no fear of Consumption. I cannot speak too highly for the good it has done." EDWARD L. NOTES FROM SHARON.

Six Furnaces of Ohio Works of Carnegie Steel Co. Established Record.

SHARON, April 5.—Six blast furnaces of the Ohio works of Carnegie Steel Company, group in Youngstown, O., established a world's record for March, reaching 50,000 tons; previous record of the furnace for 31 days was 55,000 tons.

Ten additional freight crows have been put to work on the Bessemer & Lake Erie railroad of the United States Steel Corporation. The Bessemer's traffic has reached record figures this spring owing to the large coal tonnage and the early moving of ore to the Pittsburg mills.

GASES IN STOMACH

POISON THE BLOOD. Gas forms in your stomach because the food you eat ferments and turns sour.

Allow this fermentation to go on and the result becomes poisonous and the poison gets into the blood.

MI-O-NA stomach tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminate the poison mostly through the kidneys.

If you have any stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, MI-O-NA will give gratifying relief in five minutes.

There are sold on money back plan for acute or chronic indigestion, nervousness, dizziness, headaches, sleeplessness, etc. Sold by A. A. Clark and druggists everywhere for 50 cents a box.

Patent Baby Swing.

Two West Virginians have patented a baby swing which also may be used as a high chair by hanging it on the back of an ordinary chair.
